by BOB CRAIG

I would like to be one of the many to congratulate the Pied Piper basketball team on its fine season. Although they lost out on the final round of the Regional Tournament Sat. night in Lubbock to Dimmitt they still have a won lost record to be proud of and they are one of the top eight AA teams in the state.

Cecil Robinson was termed one of the best players in the tournament by most of the sports writers at the meet.

Coach Neil Laminack asked me to convey his thanks to the Piper supporters for their fine backing during the season and particularly at the Childress game and at the tournament in Lubbock. He feels that this support played a big part in the success of the team this season.

Next week, March 6-10, is Public Schools week in Texas. This is the time teachers and students go to a great deal of extra work to prepare their rooms for open house. The public is invited to visit the classrooms to see exhibits of their work and other displays.

The Hamlin schools will have openhouse Tuesday and Thursday nights. The high school openhouse will be Thursday night with the other schools having their openhouse Tuesday night.

Take the time to attend at least one of the class rooms during this week. A lot of talk is being done now concerning education, both the financing and the curriculum and it would help everyone to better understand the situation if they would visit the schools and the teachers and see what they are doing and learn of their problems.

School Trustees To be Unopposed In April Election

Unless someone filed late Wednesday, the present Hamlin Independent School District Trustees seeking reelection to be unopposed in the election to be held April 1.

Trustees whose terms are to expire April 1 are Fred B. Moore Jr. and Revis Robertson. Both men are seeking reelection.

Deadline for filing for trustee was 7 p.m. Wednesday.

Mrs. Ethel Allen, Mrs. Joe Norton, Mrs. Leldon Clifton, Mrs. Charles Connally and Miss Viola Avans attended the Conference on the Improvement of Reading at Southern Methodist University in Dallas Friday and Saturday.

The Anson Chamber of Commerce will have their annual banquet Thursday at the Anson High School Cafeteria. Clarence Young, Thurman Simmons and Raymond Barber were elected as new members of the Board of Directors last week and will be present at the banquet.

Louie E. Throgmorton of Dallas, one of the state's outstanding after dinner speakers will be the guest speaker for the evening. His subject will be "Community Service Is a Gilt-Edged Investment."

WEST TEXAS STATE CONCERT BAND TO PLAY HERE TUESDAY

A concert by the 85-piece Concert Band of West Texas State College will be presented in the Hamlin High School auditorium Tuesday (March 7) at 8:00 p.m.

The Hamlin program will be one of ten which the band will perform on its annual tour of West Texas Schools and cities. Directed by Dr. Ted J. Crager, head of the music department, the colorful band will appear in Tulia, Lubbock, Slaton, Post, Canyon, Seymour, Wichita Falls, Vernon and Quanah.

Long recognized as an outstanding concert group, the West Texas State band has also built a solid reputation as a marching unit since Dr. Crager joined the WTS staff three years ago. He introduced precision drills which have won acclaim, particularly during parades and football game half-times.

Dr. Crager is assisted by Rowie Durden and Donald Haddad, graduates of Columbia University and Ohio State. All three are practicing musicians, and Durden and Haddad often appear as soloists with the band.

Student soloists include Harlon Lamkin of Lubbock, oboe; Mike Barry of Odessa, cornet; Vic Kyler of Borger, baritone; and Clyde Wilson of Midland, trombone. Featured drummers with the band are Bob Finnicum of Plainview, Larry Parks of Midland, and Charles Weems of Sweetwater. The trio will be featured on the tour playing Paul Yoder's "Drumbeat Jamboree."

A variety of selections of marches, jazz, popular music, and novelties are included in the band's repertoire. A new favorite with the performers is Texas Don Gillis' "The Man Who Invented Music."

Rotary Club Honors Pipers

The Pied Piper basketball team and the Hamlin High School coaches were guests of the Hamlin Rotary Club at their noon luncheon Wednesday.

J. C. Turner was in charge of the program and introduced basketball coach Neil Laminack who in turn introduced the other coaches and the team members.

Pipers Drop Regional Tilt to Dimmitt, 62-51

Failing to overcome a 14-point deficit in the second quarter the Pied Pipers lost to Dimmitt in the final round of the Regional 1 Class AA basketball tournament Saturday in Lubbock, 62-51.

Scoring only one field goal and four free throws in the second period while Dimmitt pushed in 20 points, the Pipers were never able to catch up. The closest they were able to come was in the final quarter when they trailed by nine points.

The Pipers made it into the final round by crushing Hamilton, 77-56, Saturday afternoon. Dimmitt beat Fort Stockton, 42-29, in its semifinal game.

MacCade was high for Hamlin with 18 points, hitting five of ten field goals and eight of 10 bonus shots. High for Dimmitt and leading scorer for the game was Kelton Cates who hit nine of 14 from the court and two of two at the free throw line.

Cecil Robinson was the second high for Hamlin with 16 points, hitting six of 10 from the floor and four of eight free ones. Cade, Robinson and Junior Coffey of Dimmitt each

had eight rebounds. Coffey was second for Dimmitt with 16 points.

Dimmitt hit 46.9 percent from the floor in the first half and 56.2 percent for the game. Hamlin hit only 26.1 percent in the first half and finished the game with a 37.8 percentage.

Hamlin out-rebounded Dimmitt, 21-20, with 11 coming in the second half while Dimmitt managed for only two.

Hamlin was the class of the tournament in downing Hamilton in the first round. They hit 43.4 percent of their shots from the floor while Hamilton could sink only 30.6 percent. Sweeping the backboards, the Pipers accounted for 55 rebounds while Hamilton could come up with only 35.

Robinson scored 26 points which was probably the best performance of the tournament. He hit 12 of 22 shots from the floor and two of three from the free throw line. Stanley Austin was next for Hamlin with 19 points, followed by Cade with 15.

Schools to Host Open House for 'School Week'

March 6 through March 10 has been declared by the Governor of Texas and the Mayor of Hamlin, as Texas Public School Week. The Hamlin Schools will observe this week with the annual open house at each of the schools.

Open house will be held in the primary, elementary and junior high school buildings March 7, from 6:30 p.m. to 9:00 p.m. and at high school on March 9, from 6:00 p.m. until 7:45 p.m. with a musical program at 8:00 p.m. in the high school auditorium. De Priest School will also have openhouse March 9 and a special program at 8:00 p.m.

Parents and all interested persons are invited to visit the schools during this time.

C. F. Cook, superintendent of Hamlin Schools said in a

statement this week, "I urge you to visit our schools, meet your teachers, inspect the quality of work they are doing, check the equipment and teaching aids we are providing your child, inquire about your child's ability and whether your child is doing the type of work he is capable of doing. It is helpful to know your teachers and to recognize their problems."

Mrs. Fred Smith, primary principal, cordially invites everyone to visit the classrooms of their first, second and third grades and see displays of the children's work. Posters, notebooks, papers,

and science exhibits will be ready for the visitors at the elementary building, which includes the fourth and fifth grades, according to Odean Murphree, principal.

At the junior high school Marvin Carlton, principal, gives a special invitation for you to visit the various departments. In the math department, under Miss Milstead and Mr. Williams, there will be an exhibit of test papers and math posters showing methods used in working fractions and drawing graphs.

The social studies department under Jon Adams and Mrs. Weldon Johnson will display themes tracing the development of political parties and the contributions to our nation by certain men.

Theme of the language arts department, under Mrs. E. N. Jenkins and Mrs. Joe Lewis is "Conquering New Frontiers" In the sixth grade with outside reading charts displayed in each room. The seventh grade will have murals on "Heroes of Service" and "Tales of Fun and Fancy". The eighth grade is currently studying mythology, Roman and Greek.

The science department under Mrs. S. C. Ferguson Jr. and Leslie Fambrough will exhibit classroom experiments, posters and collections to illustrate the work done this year.

The arts and crafts department under Mrs. C. Weldon Griggs will have many varied crafts on display. Among them will be sequin and beadwork on felt, painting on cup towels, and jewelry made from sterling silver and polished stones.

The Parent-Teachers Association will sponsor a musical program to be presented under the direction of Mrs. Willard Maberry and Tim Jones, in the high school auditorium. The Junior high choir, under Mrs. Jones, and the Pied Pipers Band will participate.

Service pins will be awarded for five, ten and fifteen years of employment with the Hamlin schools.

"Progress of Negro Education in Hamlin" is the theme of the program to be given at DePriest School, with some of the early students of the school relating the improvements that have been made through the years. Hardy Nabors, president of the student council, will be master of ceremonies.

L. B. PETTY SR. RITES HELD HERE SUNDAY

L. B. Petty Sr., 61, owner and operator of the Petty Laundry and resident of Hamlin since 1937, died at his home Wednesday, February 22, about 9:40 a.m. following a heart attack.

Born in Waxahachie, Jan. 17, 1900, he was the son of the late Mr. and Mrs. J. C. Petty. He married the former Viola Pittman August 26, 1922, in Pauls Valley, Oklahoma.

He retired from the Shell Oil Company in 1952 and has operated the laundry since that time.

Funeral services were held Sunday at 3:00 p.m. in the First Baptist Church. The Rev. Lenard Hartley, pastor, and the Rev. James Woods, pastor of the Aspermont Baptist Church, officiated.

Hamlin Funeral Home directed burial in the Hamlin East Cemetery.

Survivors are his wife; 3 sons, L. B. Jr. of Hamlin, R. M. of Albuquerque, New Mexico, and Don, with the U. S. Air Force in Germany; one daughter, Mrs. Walter (June) Brooks of Knox City; and six grandchildren.

Pallbearers were R. E. Haynes, Loyd Burkhardt, V. V. Anderson, L. M. Sutherland, Phil Smith, Robert Kneer, C. W. Gold and Dean Black.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Both pro-and anti-sales taxers declare they are in a better position now that Gov. Price Daniel has dropped his support of the payroll tax plan.

Pro-sales taxers say this will leave the Legislature practically no choice but to pass a general sales tax. But

opponents say it clears the way to getting down to "numerous other plans." In his message dropping the payroll tax, the governor also said that he felt neither a sales nor an income tax had a chance of passage. He recommended instead the State Finance Advisory Commission's second choice plan, extension of excise taxes.

Under this plan, new items to be taxed would include restaurant meals, gas and electric household appliances, jewelry and watches; soft drinks, building materials, business machines, home and office furnishings and boat and automobile parts.

Taxes on these items would be increased; motor vehicles, gasoline, air conditioners (to include central systems), cosmetics, beer, liquor, wine and boats and motors.

ELECTIVE INSURANCE BOARD—A proposal to grant the people the right to elect the members of the Insurance Board has been introduced by Rep. David Read of Big Spring.

The appointive Board has been under severe criticism for several years, especially since it suddenly increased insurance rates on motorists, based on traffic violations. Bill is patterned after the law requiring the election of the Railroad Commissioners. It is the sponsor's belief that the public would be given more consideration if the insurance posts were elective positions.

AUTO INSURANCE PLAN HIT -- Texas, merit rating plan for auto insurance came in for heavy criticism as the Senate Insurance Committee considered a measure calling for extensive changes. Sen. Grady Hazlewood of Amarillo declared that, at present, it's not how you drive, but whether you get caught, that determines your insurance premiums.

Under a revised plan sponsored by Senator Hazlewood, insurance premiums would be raised only for serious traffic violations. No penalty points would be assigned for anything that happened before January 1, 1960.

In taking apart the present plan, Senator Hazlewood said it is inequitable because, among other reasons, (1) it doesn't apply to commercial vehicles such as trucks, taxis, etc., and (2) traffic tickets aren't passed out as readily in small towns as large ones. No one appeared to disagree with his view.

WATER BILL PASSED -- A bill to raise the amount the State Water Development Board can lend for local water projects gained final passage from both Houses.

It will become law with the governor's signature. Governor Daniel favored the bill, called it "a step forward." Bill will allow the board to lend up to \$15,000,000 for any one water project.

Another water measure under consideration would allow the state to buy conservation storage space in Texas reservoirs, saving and selling water that would otherwise run off. It is in the form of a constitutional amendment and is sponsored by Sen. George Parkhouse of Dallas.

Supporters hope to gain legislative approval in time to have it put on the ballot at the same time as the run-off in the special senatorial race.

WOMEN LOSE ROUND --

Present requirement is to attend school from 7 to 16 years of age for 120 days each year. House bill would change the age limit from 6 to 16 years of age and the school year to 180 days.

At the request of Rep. Jack Woods of Waco, the House remove a provision that would have required 17-year-olds to stay in school.

JOB CLASSIFICATION APPROVED -- A bill to assure "like pay for like work" among state employees, has moved to within one step of final House passage.

Sponsored by Rep. John A. Huebner, Sr. of Bay City, the bill enacts a job classification system and raises the salaries of workers receiving less than the standard salaries for those in their category. No salary cuts would be made.

Estimated cost of the required raises under the measure is \$450,000 a year.

PROPERTY OWNERS UPHELD -- Two cases involving disputes between property owners and oil and gas drillers were ruled on by the State Supreme Court.

In a Lubbock County case, the high court ruled that a drilling firm was responsible for damages caused by salt water pollution of an irrigation well -- even though the property owners had given permission for salt water disposal on the land.

In another case, the court ruled that drillers using the sand fracturing process to open up subsurface cracks to release gas were trespassing on the rights of neighboring lease holders.

SHORT SNORTS -- Rep. Robert Hughes of Dallas is sponsor of a bill to strengthen laws against cruelty to animals. House gave final approval to the bill to require run-offs in special elections to fill congressional vacancies. Present law requires only to U. S. senatorial races.

March 4-11 has been designated as 4-H Club week in Texas. The same period will also be observed across the nation as National 4-H Club Week. All citizens have a special invitation to participate in the local observance. 4-H enrollment in the nation now exceeds 24 million members and the organization or one similar to it has spread into 52 foreign countries.

Women's rights advocates lost by one vote an effort to get their proposed constitutional amendment sent immediately to the Senate floor.

Instead, the amendment designed to wipe out with one stroke all differences in legal treatment of men and women was sent to subcommittee.

A large delegation of women came to plead for the measure. Objectors said a law-by-law approach should be taken to avoid legal chaos.

SCHOOL DAY INCREASE -- House passed to the Senate a bill which would increase the time which a child may be legally compelled to attend school.

Present requirement is to attend school from 7 to 16 years of age for 120 days each year. House bill would change the age limit from 6 to 16 years of age and the school year to 180 days.

At the request of Rep. Jack Woods of Waco, the House remove a provision that would have required 17-year-olds to stay in school.

MARCH 2, 1961

REPORT FROM AUSTIN...

By REP. LEON THURMAN

This ends the seventh week of the 57th Legislature, and the work is really piling up within the last few days.

The most significant event of this last week was a move from the Governor, in which he withdrew his proposed payroll tax. We feel that was a wise move, but also thought that he should have been honest in mentioning the reason he withdrew it was that no one in the House would sponsor such legislation.

This withdrawal of the payroll tax leaves everything at present up in the air. It is almost impossible to know what type of bill will be proposed by the committee; probably the escheat bill will be the first matter to be voted on.

Of course, this week the committee on Constitutional Amendments voted out "Red Berry's" bill, which would give the people the opportunity to vote on legalized horse racing. We did not feel this bill would ever get out of committee; therefore, when the same comes to the floor we'll have to cast our vote, along with the other members. This will be a record vote, as all Constitutional Amendments have to have 100 votes before they can pass the House.

This week the committee on State Affairs heard H. B. 2 REA Legislation discussed and sent the same to a subcommittee. This proposed legislation will probably be to the House floor within two weeks, and this will be the most controversial piece of legislation that the members of the House of Representatives will be called to vote on.

The Legislature has begun working on Friday of each week in order to take care of some back-log of bills that have been introduced. However, they cannot get around

to all the proposed legislation by working six days a week for the remainder of the time. A lot of legislation is introduced with the intention of never getting the same passed. This causes as much work as other legislation.

We have heard from a good many of the people of the 85th District this past week and are attempting to answer each letter and appreciate your contacting your Representative in regard to legislation.

Additional \$50 Million Available For Farm Housing

An additional \$50 million has been made available to the Farmers Home Administration for farm housing loans. Mr. James C. Hayes, the agency's county supervisor, announced today.

He said that the new loan funds assure an adequate supply of this type credit for eligible farm families during the balance of the fiscal year. Loans made so far this year plus those being processed had practically exhausted the funds previously available.

Farm housing loans are made throughout the rural areas of the United States. The loans provide farm families with an opportunity to acquire an adequate house and efficient service buildings.

Applications for farm housing loans may be made at the local office of the Farmers Home Administration. Mr. Hayes said, The loans bear 4 percent interest and are repayable over periods up to 33 years.

The major demand in Jones County is for loans to construct and modernize farm houses, and most of the funds are used for new construction.

Improvements financed with the loans include the installation of central heating, and pressure water systems, the addition of bathrooms and the modernization of kitchens.

To be eligible a farmer must own a farm that will annually produce for sale or home use at least \$400, worth of commodities based on 1944 prices and be of sufficient value to adequately secure the loan. In addition, he must lack the resources needed to obtain credit elsewhere and have sufficient income to pay farm operating and family living expenses and meet payments when due on his debts.

A dollar buys a lot of "pasta" for destitute families in Italy through CARE's Food Crusade. For every \$1 donated, CARE can deliver a 20-lb package of Italian macaroni, made from U. S. surplus flour.

By MRS. ELMER JOINER

It has been a week since it rained and it looks like the men will all have to go back to work in the fields again soon, the wheat is growing very much now and prospects really yook good for a bumper crop.

Mr. and Mrs. Bill Newland's daughter and grand daughter, Mrs. Billy Catherine Finnis and Cathy of Pasadena, Texas spent the weekend with them.

Visiting the Fred Rosenbaums over the weekend were their children from Pampa, Mr. and Mrs. Joe R. Rosenbaum.

Mr. and Mrs. Raleigh Bond went to Eastland last Wednesday and stayed until Thursday, to attend the funeral of his cousin, Mrs. Willie Armstrong.

Mr. and Mrs. Winson Gray visited with Mr. and Mrs. R. M. Jones Saturday night.

Mr. and Mrs. Ernest Henry went to Snyder Saturday to see a new grandson, born last week to Mr. and Mrs. C. D. Henry.

Sunday the Henrys went to Rule and attended Sunday school and church services, then visited with relatives and friends. They formerly lived at Rule.

Visiting in the Ralph Riddle home Sunday were Mr. and Mrs. Ken Morrison and children of Abilene, Mr. and Mrs. Robert Fowler and boys, and Mrs. Kenneth Riddle all of Hamlin and Mr. and Mrs. J. C. Riddle and children from Stamford.

Debra Beauchamp and Nancy Ford went home with Mrs. Sharlot Gabriel and children Sunday, and Tommy Gabriel went home with Spencer Ford.

Mr. and Mrs. R. M. Jones visited with Mr. and Mrs. Fred Rosenbaum Sunday afternoon.

Mr. and Mrs. H. L. Ford and Mr. and Mrs. Winson Gray went to visit the John Beauchamps Friday night.

Mr. and Mrs. Eudell Ford and children of Big Spring spent Saturday night with his parents, the Joe Fords. Sunday afternoon Mr. and Mrs. Doug Ford of Abilene visited with them.

Mr. and Mrs. Rex Jones, Mark, and two of Mark's little friends visited Mr. and Mrs. R. M. Jones Sunday night.

Also visiting the Jones were Mr. and Mrs. Gillie from the Neinda community.

Mr. and Mrs. H. L. Ford ate lunch with the Winson Grays Sunday.

Rev. and Mrs. Doyle Combs and children, spent Sunday with the Woodrow Goodwins.

Little Brenda Combs has recovered from the cut she received last Sunday when she fell, and had to have stitches in her head. Coming so soon after a series of rabies shots, she probably thinks she has a tough time.

Mrs. Earnest Henry went to Oklahoma City and spent several days last week with her son's family, Mr. and Mrs. Jimmy Henry.

Mr. and Mrs. Oscar Jenkins visited with George Wainscott Sunday afternoon.

Although George Wainscott came home and stayed several days, we are sorry to report that he was carried back to the hospital at five o'clock this Monday morning. His friends and neighbors are all hoping he will soon be feeling much better.

Mrs. Roscoe Greenway and Mrs. Bill Newland were on the sick list Sunday and missed church.

The ladies (and all men will be welcome) of the church are meeting Monday afternoon to wax the floors, mend the blinds, paint the Ruth class Sunday school room, and clean up everything in general to match the new paint job recently completed.

Mr. and Mrs. Bill Newland hosted the 42 party Friday night. There certainly was some hard playing and some tight games, which were enjoyed by the six couples present.

The Texas Certified Seed Producers, Inc., cooperating with the Texas Agricultural Extension Service, will again sponsor statewide production programs for growers of hybrid grain sorghums and corn. Ben Spears, extension agronomist reports that all Texas certified hybrid grain sorghums and corn hybrids have been placed on the eligible list for planting under the 1961 program rules. Local county agents have detailed information on the programs.

MARCH 2, 1961

MARCH 4-11 DESIGNATED AS NATIONAL, STATE 4-H WEEK

College Station — March 4-11 has been designated as 4-H Club Week in Texas. The same week will also be observed across the nation as National 4-H Club Week.

In this proclamation Governor Price Daniel said, "Building tomorrow's leaders today is a high purpose in 4-H Club work. The expanding role of 4-H emphasizes character development and good citizenship as 4-H members learn the latest practices in agriculture and home economics."

"Since the 4-H program was inaugurated by the United States government in 1914 the 4-H movement has spread across our nation and to 52 foreign countries. 4-H Club members learn by conducting result demonstrations and participating in 4-H activities. By putting into action what they learn, club members improve their home and communities."

"Voluntary adult leaders working with the club members provide a key to the success of 4-H. Parents and

friends of 4-H give support and encouragement to club members. The Agricultural Extension Service of the A & M College of Texas, through county extension agents, direct the 4-H Club program.

"Any boy or girl from ages 9 to 21 can take part in 4-H Club work. The opportunities offered to 4-H Club members to grow in citizenship, leadership and practical skills are especially valuable to them, the state of Texas and the nation. 4-H Clubs are a proving ground for the training of future leaders."

In his message to the approximately 100,000 4-H members in Texas Governor Daniel said, "Please accept my best wishes for 1961 and the years ahead. May you continue to work to improve yourselves, your homes and communities and thus help build our State and Nation. The future holds bright promise for our land, and as 4-H members, you have an important role in it."

Jones County 2nd Only to Taylor in Bond Sales

Jones County is second only to Taylor County in a nine-county district in the amount of United States Savings Bonds owned by individual purchasers, it was disclosed at a district 13-A dinner meeting in Abilene.

Currently Jones County residents own \$7,230,000 worth of savings bonds which are bearing \$253,000 annually in interest. This puts the county away out in front of counties with comparable population in the amount of bonds retained by purchasers, though several other counties show a larger rate of purchases from year to year, but a higher rate of "cash-ins." Taylor countyans own \$13,831,400 worth of bonds paying them \$484,000 in interest annually. Sales of bonds in the county during 1960 totaled \$405,208 which represented 92.1 percent of the \$440,000 goal. The goal for 1961 is the same as for '60 and January sales started the new year with a total of \$45,000.

The district is made up of Callahan, Eastland, Fisher, Haskell, Jones, Nolan, Shackelford, Stephens and Taylor.

The Counties of Eastland, Fisher, Haskell and Taylor exceeded their goals last year. Dan Castles, of Abilene, a public relations executive for the West Texas Utilities Co., is district chairman for bond sales. The West Texas Utilities Co. was host for the dinner.

Local school districts bear the full cost of constructing and financing classrooms and other physical facilities.

Hamlin Student On Texas Tech Judging Team

LUBBOCK—Texas Tech's three agronomy judging teams—which won two championships and finished second in another regional contest this academic year—were honored at a banquet here Saturday, (Feb. 25).

Topping the honorees was the national and international champion crop judging team of Don Adams, Sinton; Hulan Hill, Hale Center; Glenn Robison, Hereford; Gary Mathis, Lorraine; and Davey Weaver, Hamlin.

This year the crops judges compiled the highest team score ever made in a national contest, then did the same thing in the international contest. Hill set new individual scoring records in both contests. Their coach is Cecil Ayers.

The other champion honored is the range management judging team of Billy Caddell, Fort Worth (3579 Paint Trail), and Fred Chaney, Belton (Route 2).

Ask Amy

BY AMY ADAMS

OLD ROMANCE FILLS HER THOUGHTS

Dear Amy:

Before I was married, I went with another fellow whom I liked very much. He came to see me as all guys do their girls. After our last date, he did not show up for 6 weeks and as far as I know, neither one of us hurt the other that day. I waited and waited. My brother said he was always in town and spent his time with him. Finally he sent me a message (thru my brother) that he was leaving town. So I took it he called it quits and I started to go with the fellow who is now my husband... but the thoughts of this fellow were always on my mind. He started writing me lonely letters. I told him I had another friend and that I was going to marry. He asked me not to do it... to wait for him. I had already promised, so I went ahead and married. My husband is a fine person and I have a nice home.

What I want to know is why does he come to my thoughts so often. I've tried everything I know but I just can't forget him. I hope you can help me as I read where you have helped others. It's a relief to have someone like you to tell my troubles and problems to.

No Name, Please

Dear No Name:

You haven't tried hard enough! Get him out of your heart and mind. You have a husband who loves you and a nice home. These are the things that count and are to be treasured.

Old romances like old clothes are to be tucked away and eventually discarded. Because, like old clothes, if attempted to be revived, are never quite the same!

Dear Amy:

My husband calls me fat. I am 24-27-36 and am 23 years old. Am I too fat? Please tell me. He said I don't look good in anything I put on. I do so want to please my husband.

Pud

Dear Pud:

If you don't look good in anything you put on... take off a little! (What are your husband's measurements?)

Dear Amy:

I'm 17 and I act my age. I was going to be married soon to a wonderful person. Burnett was so good, kind and was the one I wanted. He made one mistake and is now doing time for it. He

Dear Pud:

Your bachelor friend is behaving true to form. He is playing the field. With each new acquaintance, a new romance develops. Date others. Waiting for him could take a lifetime!

The Hamlin High School Pied Piper Band will attend the annual Sweetwater Band Festival Saturday, March 4, in Sweetwater. Eighteen bands from the area will attend. There will be four other bands in Hamlin's class. Other bands include: Winters, Stamford, Haskell, and Cisco. The bands will be judged on concert playing and sight reading in preparation for the Interscholastic League Contest to be held in April. A parade will be given at 5:00 p.m. in Downtown Sweetwater. Previous to this, the visiting bands will hear a concert presented by the Lackland Air Force Base Band.

Last year at the meet Hamlin won the first place trophy for concert playing. We hope to do justice again this year.

-hhs-

The West Texas State College Band will present a concert in the HHS auditorium at 8:00 p.m., Tuesday, March 7. This free concert will be given immediately after the Junior High Open House. (In the HHS auditorium) Elva Silburn, graduate of Hamlin High School and former resident of Hamlin, is a member of the band. Everyone is cordially invited to attend.

-hhs-

The Hamlin High School

Open House will be held Thursday night from 6:30 p.m. to 8:00 p.m. in connection with "Public School Week." During this period the building will be open and parts of the student's work will be on display. At 8:00 p.m. there will be a musical program presented in the HHS auditorium. The program will consist of the junior high choir, the junior high band, and the Pied Piper Band.

We want the basketball team and the coaches to know how much we appreciate their efforts during their past season. We are proud of them and their record for this year. Best of luck next year!

-HHS-

A group of girls from Hamlin High School will attend the area Future Homemakers of America meeting in Stephenville Friday and Saturday, March 3 and 4. At this time Janice Richardson will present her state degree for inspection and grading. Other girls to make the trip will be Cheryl Brown, Phillis Scarborough, Barbara Lakey, Nancy Stipett, Mary Debs Rountree, Sue Martin, Jolene Bonds, and Charlotte Burleson. Mrs. Jas Simmons and Mrs. Joe Wayne Carter will accompany the girls.

OLD GLORY NEWS

By HELEN DIERS

The Old Glory 4-H Club met in regular session on Feb. 23, President, Helen Diers, opened the meeting. Nancy Vahlenkamp led the motto, pledge and prayer. Future programs were discussed and it was decided to hold an executive board meeting on March 2. The president and Mrs. Ieverett discussed the talent show, the county and district meet, and other programs with the girls.

After the meeting adjourned, the program was turned over to Judy Sanders and Reva Letz, who gave demonstrations on how to make a toy poodle dog. Their finished one was black and, during the demonstration, they made a red one.

The Old Glory grade school tournament has finally been completed. The Girard boys forfeited to Rule and the Rule girls forfeited to Girard. Therefore, Rule boys and Girard girls won the consolation trophies in the tournament.

Mrs. Ben Dudensing will soon move to Old Glory. A house has been purchased and moved from Abilene to Old Glory for her. She owns a farm five miles south of Old Glory which has been her home since the 1920's.

Mr. and Mrs. Glover Nickerson were called to Denton to attend the funeral of her grandfather Saturday, a week ago. Danny Warden of ACC, his wife and baby came for

the services at the Church of Christ here and Mr. Warden conducted the services, in the absence of Mr. Nickerson. The Wardenes were dinner guests in the home of Mr. and Mrs. Beno Hertenberger.

Mr. and Mrs. Delos Callioatte visited their son's family at Midland recently. They are Mr. and Mrs. Jerry Callioatte.

Mrs. Chris Vargas and Irene have been visiting with relatives at Sinton.

Mr. and Mrs. Dalton Gill made a trip to Vealmoor, Texas, near Big Spring, to visit her father, Arthur Caughey, who was suddenly taken ill. It was thought that he could return home Tuesday.

Mr. and Mrs. Tom Pritchard visited his parents in Weatherford over the weekend. They are Mr. and Mrs. T. A. Pritchard.

The mother of Mrs. E. H. Diers, Mrs. August Hahn of Sagerton, passed away on February 22. She was buried in the Old Glory cemetery on February 24.

HD Agent Gives Hints on Spring Hat Fashions

Getting ready to buy a new spring hat? Here are fashion tips on hats from Mary Y. Newberry, Jones County Home Demonstration Agent.

There are no startling style changes this year but the doll hat is the newest look. There is an indication of trend toward a more ladylike elegance in styles featured in the shops.

Silhouettes vary from tall crowned, rough textured straw cloches, broadbrimmed sailors, rolled Bretons, new looking sweepbrim cartwheels and profile framing rollers. The flipped up brim adds dash to some of the most exciting spring hats. The brims can be of any size, the upturn at any point. Sailors also lead the way in fashion.

For dress occasions you will find hats made of flow-ers, laces, organdy, taffeta and straws of many kinds.

The hat best suited for you will be determined by your hair shape, your features (big bones or delicate bones?), your build and height and the costume you plan to wear with it.

Always check your overall silhouette in a full length mirror.

In general, clothes are going to be younger and more feminine this spring. Achieve this new younger look by wearing your hat set back at just the right place.

Now is Time to Sample Soils

your soil samples for determining fertilizer needs for your next cotton crop, says county agent, Kirby Clayton. Test only cost \$2.00 per sample and it is a sure way of knowing the correct amount and kind of fertilizer to apply. It requires about 10 days to get a return on your samples and if they are sent in now, farmers will have plenty of time to make purchases and application of fertilizer for the next crop.

Forms and containers along with information on how to take the sample and fill out the forms are available at your county agent's office.

Visiting in the home of Mr. and Mrs. Seth Adams this week are Mr. Roy B. Adams of Wichita, Kansas, and A. W. Adams of Sulphur Springs, Texas.

Letters to Editor

I have just read your column in last Thursday's paper in which you comment upon the editorial that was carried in the Abilene Reporter-News.

I want you to know that your remarks are appreciated. It would be a sad commentary on our entire system of Government if my actions in opposition to the highest leaders in Government would do injury to our national defense by impairing Dyess Air Force Base and installations around it. That is what the editorial suggest.

The other point you make are soundly taken, and again I assure you of my appreciation.

With kind personal regards, I remain

Sincerely yours,

Omar Burleson.

BEEF PRODUCTION PROVING PRACTICAL FOR TEXAS FARMS

College Station, Feb.—Utilizing farm feeds, crop residues, small grains and Sudan pasture for beef production has been proven practical and profitable for Texas farmers. Over a seven year span at the Beeville Experiment Station, calves weighing 387 pounds on September 16 showed an average gain of 686 pounds by December 23 of the following year, when fed on this system.

For these tests, the calves were supplementally fed sorghum silage, sorghum grain and cottonseed meal in drylot when grazing was not adequate. It was found to be un-

profitable, however, to feed concentrates while grazing the calves on good pasture. Management determines when to supplemental feed in drylot and when to graze by observing the cattle and the grazing crops. Such a system allows maximum usage of grazing crops and silage or other roughage. On the tests, appraised values of the cattle at the end of grazing generally showed that grazing and drylot feeding were more profitable than selling after grazing only.

This type of beef production system has its advantages as well as its disadvantages. On the credit side of the ledger, a large amount of farm-grown roughage is marketed through cattle; returns for farm-produced grain may be increased if sold through cattle rather than on the open market; a crop rotation system including beef cattle is advantageous to crop production; and manure from the lots is applied back to the land.

Some of the disadvantages of this type of system are the farm steer beef production requires owning two sets of cattle at the same time; it takes about 15 months to finish each group of cattle; and additional funds for feedlot construction, fencing and watering of grazing fields, feed storage and feeding equipment are required.

Anyone desiring further information on this type of beef production system should ask the local county agent for a copy of L-507, "Farm Steer Beef Production."

Now is Time to Plan Home Garden

It's not too early to make plans for your 1961 home garden, according to county agent, Kirby Clayton. The home garden can make a real contribution to the family's diet and health as well as to our national food supply.

Clayton says now is a good time to look the new seed catalogues over and make plans for this year's garden. He points out that well planned gardens don't just happen any more than hundred bushel corn crops. Well planned gardens are easier to work and will produce more on less space. The agent suggests putting your garden plans on paper to indicate just how much space you need for each vegetable, how much seed you will need and so on.

Next, select a conveniently located garden site which is close to an adequate supply of water so you can irrigate when needed. Prepare the garden soil by applying approximately two inches of well rotted barnyard manure or compost material and break or spade as deep as possible. Early preparation of the garden soil will insure a good seedbed when vegetable planting time arrives. A bulletin, "Vegetable Gardening" is available in the agent's office for those who would like a copy.

AS IT LOOKS FROM HERE

Omar Burleson, M. C.
17th District, Texas

WASHINGTON, D. C. — 39 DEMOCRATS AND 6 REPUBLICANS

SENATORS have introduced a \$389,500,000 bill to aid depressed areas. On the House side, about 55 such bills have been introduced, all very nearly alike.

FROM ALL INDICATIONS a bill of some kind will pass the Congress. Whatever is passed is likely to be a very expensive sedative for the ills of a few. None of the proposals now being made are likely to prevent conditions which this action is supposed to relieve.

THE CENTRAL PURPOSE OF ALL PROPOSALS is to inaugurate a program for Government financial assistance to locate industry in "chronic labor surplus areas." It would also re-train workers

in new fields of labor, paying them a subsistence wage while training. Most of the bills also provide the elimination or "incentives" for industry to move from one State to another.

IT WOULD SEEM AS LONG AS THE CAUSES for a depressed area go uncured, trouble will remain. Although there are other points of view, it seems obvious that there are three real causes for these economic conditions. One is the low wage foreign imports which, under certain Governmental policies, have been encouraged, both on the domestic and foreign end. Another is wage rates not based on productivity; and third, is the unrealistic tax laws which have hampered industrial expansion and drain-

ed off workers' take home pay. While all this is happening, we still have inflation. Never before in our history or the history of any other modern nation, except France, has there been an economic slump and inflation at the same time.

AS LONG AS THE CAUSES REMAIN, there is just no reason to expect Government subsidized industry to succeed where private efforts have failed. It is common sense to conclude that losses by Government from reduced income from taxes will diminish as the trend continues. The best figures available suggest that it may cost as much as \$15,000 to provide employment for one individual in a real depressed area. This is a rather expensive palliative which fails to get at the cause of the condition in the first place.

OUR GOVERNMENT IS PLAGUED by four scourges:

1. COMPULSIVE SPENDING, which has upped the level of spending 25 fold in about as many years -- much

faster than our National growth.

2. GOVERNMENT BY CREDIT CARD -- which has piled up our huge national debt that we seem unable or unwilling to reduce.

3. CANCEROUS TAXATION -- so high that it has undermined the individual initiative and encouraged both personal and business dependence on the Government.

4. INFLATION, THE FINAL DESTROYER, which can cheapen our money, drive prices beyond the reach, and cause untold hardships by reducing the value of our savings, pensions and insurance.

JUST A THOUGHT: It is nice to be important; but more important to be nice.

Carsick Pup Needs Air When your pup begins to get carsick he will drool at the mouth. This is the time to hustle him out of the car in a hurry (to avoid much unpleasantness) and walk him around in the fresh air.

Utility Company Awarded Medals By Foundation

West Texas Utilities Company and Jimmy Martin, editor of the Electric Times, employee monthly publication, have been awarded the George Washington Honor Medals, along with 28 other Texans. Winners of the annual Freedoms Foundation awards were announced on February 22 from Valley Forge, Pennsylvania.

A total of 773 medals were awarded in 1961 to American citizens, organizations and schools who won prizes for things they said, did and wrote. WTU's two medals were awarded for editorial, feature articles and stories which appeared in the Electric Times during 1960, and were judged as being "an outstanding achievement in helping to bring about a better understanding of the American way of life."

Early last November a panel of judges began examining and judging several tons of material which had been submitted and was housed in four wings of the Valley Forge Army Hospital.

This is the second time that the Electric Times has been the recipient of the Freedoms Foundation award. In 1951 the George Washington Honor Award was presented to West Texas Utilities Company and the editor of its magazine.

Cal Young, WTU President, and Martin will receive the awards at a special ceremony, the time and place to be announced later.

Martin, who has served as a WTU industrial editor for the past 15 years, is a member of a pioneer West Texas newspaper family. Before joining WTU, he owned and operated newspapers in Brady, Childress, Snyder, and McCombs.

He is a graduate of Hardin Simmons University where he had an active part on student publications and served as editor of The Bronco, HSU year book, during his senior year.

Social Security taxes remain 3% on employee, 3% on employer and 4% for self-employed during 1961.

HE'S VITAL doing his job... and doing his job for his country

The National Guard has a unique mission... and a vital one. Constantly at the ready, it is on immediate call for the disturbances and disasters of peacetime as well as for the supreme demands of battle.

This dual mission is carried out by 472,000 citizen-soldiers of the Air and Army National Guard, men you know as your neighbors. The protection provided by these community men makes it possible to keep America's defenses up without the

larger dollar outlay needed to maintain similar numbers of active Army and Air Force personnel.

Today, the National Guard is better trained and better equipped than ever before. Famous since Concord, the Guardsman is... in every way... an Up-to-the-Minute Man, today. On runway alert... at air-defense Nike-Ajax installations... in swift striking efficiency... in everything vital to our country, the Guardsman is vitally needed.

TWENTY TEAMS TO VIE IN TRACK MEET HERE SATURDAY

Coach Jimmy Vaughn and his track squad will act as hosts to the season's first track meet here Saturday. The meet will be held on the new high school track layout completed this week.

Nineteen schools will be represented at the meet.

Vaughn will have 14 boys taking part in the competition. His senior track team will take part in a meet Saturday in Iowa Park.

Hamlin boys to compete here Saturday are: Rayford Williams, Jimmy Cooper, Neal Branscum, Van Newberry,

Andy French, Dan Newberry, Clyde Chandler, David Wright, Dennis Kelly, Joe Arona, Ronnie Isbell, Bill Rich-ey, Lanny Ford and Robert Woodruff.

Boys going to Iowa Park will be David Bonds, David Bellamy, Robert Brandon, Joe Ford, Larry Upshaw, Gary Williams, Gary Cooper, Mac Cade, Bob Murff.

Teams entered in the meet: Anson, Stamford, Haskell, Spur, Franklin Jr. Hi., Breckenridge, O'Brien, Rule., Rochester, Cooper, Merkel, Albany, Rotan, Roby, Aspermont, Weinert, Jayton, Cisco, and Winters Jr. Hi.

Attend Conference

Twenty-three members of the New Homemakers of America of DePriest School attended the West Texas District N. H. A. Training Conference held in Civic House at Colorado City last week.

Theme for the meeting, sponsored by the Colorado City Chamber of Commerce, was "Good Citizenship, Everybody's Business."

To Attend Meet

Delegates from the DePriest student council will attend the state convention at Jack Yates High School in Houston this weekend. They are Hardy Nabors, local president, Jack Breedlove, West Texas District officer, Barbara Nell Johnson, Joan Johnson, J. W. Owens, J. R. Davis and John R. Mayfield, sponsor.

Plant disease detectives are using rust trapping nurseries to discover new races of small grain rust. Harlan Smith, extension plant pathologist, describes the nursery as a small area where many new varieties of oats and wheat are grown for detection purposes. There are now 10 such nurseries in Texas and 5 in Mexico.

MITES HELD IN EASTLAND FOR ARMSTRONG

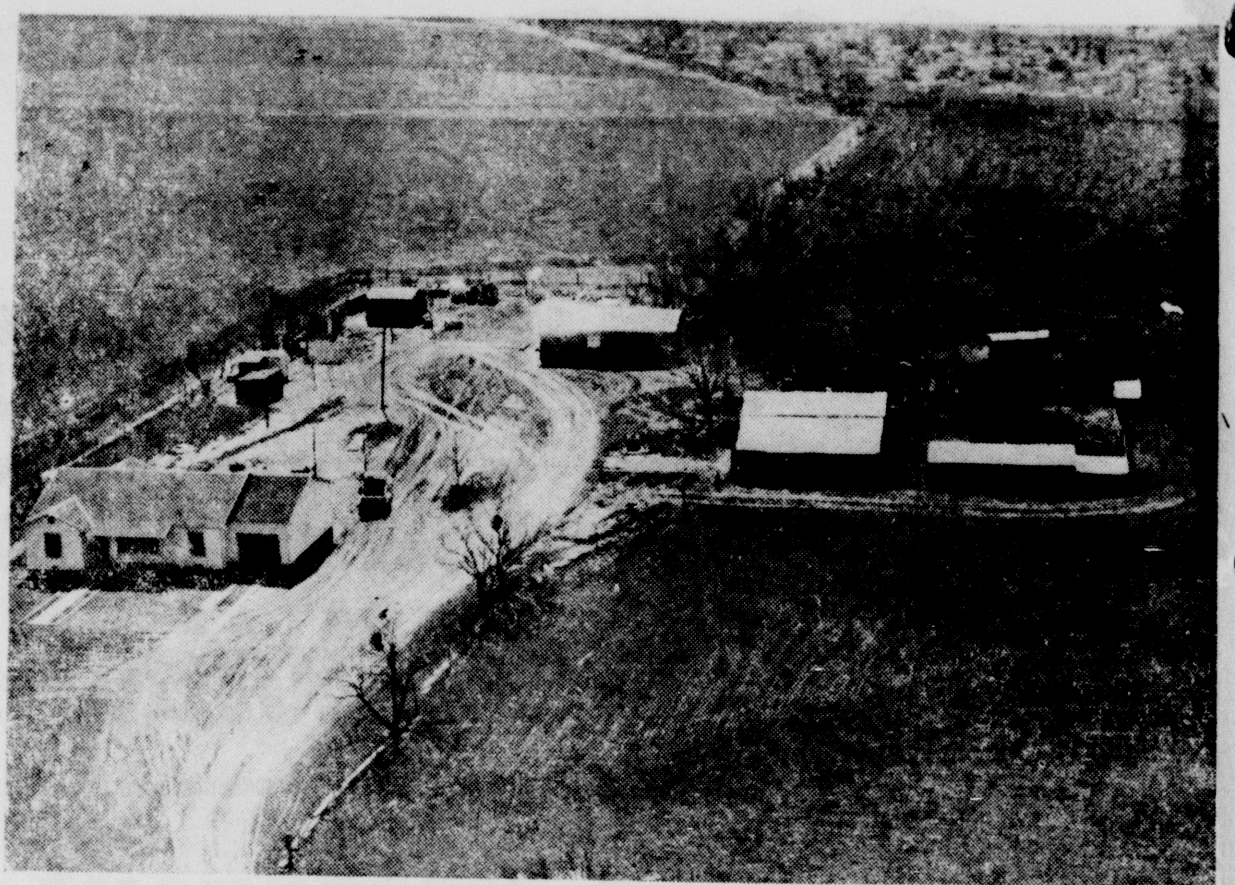

Mrs. Willie M. Armstrong, 76 of Eastland, sister of Mrs. S. H. Winslett and Mrs. A. Hudson of Hamlin, died in Hamlin Memorial Hospital at 9 a.m., Wednesday, February 22.

Funeral services were held in Eastland Methodist Church, of which Mrs. Armstrong was a member, Thursday at 2:30 p.m. Officiating minister was the Rev. Edmond Roth, pastor of the First Methodist Church, Hamlin.

Burial was in Eastland Cemetery under the direction of Hamner Funeral Home.

An Eastland resident since 1948, Mrs. Armstrong suffered a heart attack while in Hamlin to attend the funeral of Mr. Winslett.

She is survived by two daughters; three sons; two sisters, Mrs. Hudson and Mrs. Winslett; eleven grandchildren and three great grandchildren. She was a cousin to Raleigh Bond who lives east of Hamlin.

'THE GRASS IS GREENER' BOOKED SUNDAY AT ROGUE

The third time, according to legend, is the charm.

Which means producer-director Stanley Donen's "The Grass Is Greener" should be an all time screen charmer. The happy third time combination crops up no less than five times in the new Technicolor - Technirama comedy success due Sunday at the Rogue Theatre.

"The Grass Is Greener," which Donen made under the Grandon Productions banner for Universal - International release, stars Cary Grant, Deborah Kerr, Robert Mitchum and Jean Simmons. It marks the third association of Grant and Donen (from whose names the corporate title Grandon Productions it takes), an association previously embraced "Kiss Them

for Me" and "Indiscreet." Hollywood observers also note that picture marks the third time Grant has appeared with Miss Kerr, the third time Miss Kerr has appeared with Mitchum and the third time she has co-starred with Jean Simmons and the third time for Miss Simmons and

Mitchum. Miss Kerr and Mitchum, in fact, began work on "The Grass Is Greener" only two weeks after they had finished their second film together, "The Sundowners."

This lucky combination, Donen explains, was not the result of any superstition. "It's just that these four stars represent an ideal combination," he points out. "In 'The Grass Is Greener' they all work together in variations of the third time around."
